**ULTIMATE LAND
MANAGEMENT**

Tony LaPratt provides you with an **in-depth seminar** as he **personally cover your entire hunting property** with you (the owner) and all the hunters that hunt your land. He will **ribbon and paint** (color codes) everything in the woods in reference to creating your world class hunting property. Tony will mark buck beds, doe beds, fawning areas, food plots, stand locations, entering and exiting trails, etc. Tony covers **hundreds of topics** that focus on your land.

All the information is put on aerial map (*that land owner will provide*) that Tony color codes. Tony will sit down and go through a **new ULM book and prioritize** all the things you need to do and where to start. Once you're a client, you can call Tony anytime for questions you have about your hunting land. ULTIMAP is one option for purchasing your aerial map of your property.

FOR THE LAST 12 YEARS I HAVEN'T HUNT OVER 3 DAYS TO TAKEN MY TARGET BUCK! MOST YEARS IS 1ST DAY!

There is nothing out there even comparable to this amazing whitetail boot camp.

HERE IS A SMALL EXAMPLE OF THE ULTIMATE BUCK ZONING SYSTEM.

Here, at the amazing Whitetail Habitat Research Center which encompasses only **52** acres, with only **23** acres of those woods. In the spring of 2014 we found **44** sheds, in 2015 - **46** sheds, that's **90** sheds in just two years! In 2016 I had 22 different bucks come under my stand on the same day! There is no other system that comes close to this!
